

To the Members of the California State Assembly:

I am returning Assembly Bill 958 without my signature.

This bill contains language regarding county election officials and the operations of a marina. I am concerned that joining these two unrelated measures together in a single bill violates the single-subject rule and would provide grounds for litigation challenging the authority of the counties to engage in the activities authorized by this bill. While I cannot sign this bill, I encourage the author to reintroduce legislation that would allow me to consider each of this measure's proposals separately.

Sincerely,

Arnold Schwarzenegger
